

Other Groups

Green Team

The Green Team was created to encourage all organizations within the church to “think green.” The team supports the church’s long-standing recycling programs for various materials such as used batteries and “blue box” items. As well, they have installed an outdoor composting bin and have introduced electronic bulletins and announcements to reduce paper use. In addition, the Team continues to recommend the implementation, whenever possible, of other “green” ideas, such as the purchase of recycled paper, energy efficient light bulbs and biodegradable plates and bowls for events. This team is a sub-committee of the church’s Property Committee.

SLUM (Men’s Group)

The St. Lambert United Men’s Group brings together men of the congregation for fellowship and to undertake various projects and tasks for the benefit of the church. It is especially famous for its Easter breakfasts and “foodie” fundraisers. SLUM usually meets the first Sunday of each month, except during the summer. New members are always welcome; the men of the church who wish to join are invited to come out the next time the group is called together.

U.C.W. (United Church Women)

The U.C.W. was created by the United Church of Canada to unite the women of a congregation in an organization through which they could express loyalty and devotion to Jesus Christ and the mission of the church through study, fellowship and service. Fellowship and friendship are important elements of the U.C.W. The members form units that usually meet once a month, for activities designed to suit their particular interests; these could be anything from listening to a presentation on the work of a local charity to a pot-luck supper to making pies to sell at the May Antiques, Arts and Crafts sale, a church-wide fundraiser in which the U.C.W. is heavily involved. It also supports the church’s fall book sale, and hosts two special fundraisers of its own—an afternoon tea just before Christmas and another in the spring. Both these events are much enjoyed by the St. Lambert community.
