

Other Groups

SLUM (St Lambert United Men's Group)

SLUM brings together the men of the congregation for fellowship and to undertake various projects and tasks for the benefit of the congregation such as the spring cleanup and fall leaf raking. New members are always welcome, watch for event announcements in church alive.

UCW – (United Church Women)

The UCW was created by the United Church of Canada to unite the women of a congregation in an organization through which they could express loyalty and devotion to Jesus Christ and the mission of the church through study, fellowship and service. Fellowship and friendship are important elements of the UCW. This is accomplished by going out for seasonal lunches and special outings. The members also meet once a month from September to May. Since the COVID-19 pandemic, the women meet every other week for a picnic in a local park. Zoom has also been an important tool used by the members. The UCW financially supports many organizations. To raise the necessary funds, they participate in the Spring and Christmas Markets held at the church, by selling baked goods and having a draw for an item that has been handmade by a very talented member. Garage sales have also been excellent fundraisers. All of the events at the church, are very important to the community at large.
